

Adopt-A-Beach Spring Cleanup Set for April 26

Land Commissioner Jerry Patterson gets a little help cleaning the beach at Surfside last spring.

It's spring cleaning time which means the Texas General Land Office is heading to the beach.

The 28th annual Spring Beach Cleanup will be held on Saturday, April 26th at 31 sites along the coast.

Texans from all across the state treasure our beaches and we're expecting upwards of 10,000

volunteers. The last coastwide cleanup attracted over 11,000 volunteers in the fall, shattering previous attendance records and removing more than 207 tons of trash from Texas beaches.

Online registration is available now at texasadoptabeach.org and volunteers may also register at most check-in sites on April 26th between 8:30 a.m. and 9:00 a.m. Most sites will provide cold drinks, hot food and fun activities for the whole family.

This year's cleanup sponsors are Shell Oil Company, HNTB, Apache Corporation, Halliburton, SeaWorld San Antonio, Schlumberger, Siemens Caring Hands Foundation, Trusted Senior Specialists, Corona del Mar and Keep Texas Beautiful.

Come lend a hand and help us clean the Texas Gulf Coast.

For more details, please call us toll free at 1-877-TXCOAST or visit our website at texasadoptabeach.org. 

Shell employees and their families were out in force for last fall's cleanup.

Don't Forget

Pick a site and come out Saturday, April 26.

Wear sunscreen, shoes, sunglasses and a hat.

Bring plenty of drinking water and mosquito repellent.

Check in by 9 a.m.

Do not disturb the habitat of nesting shorebirds.

For your safety, stay off the dunes.

Check our website for a list of hotels along the coast that offer special rates for Adopt-A-Beach volunteers.

Don't pick up hazardous materials such as hypodermic needles, sharp objects, old car batteries, condoms, animal carcasses or other unidentified, questionable objects.

We'll clean rain or shine!

Fall Cleanup Exceeds All Expectations

Our 27th Annual Fall Adopt-A-Beach Cleanup exceeded all expectations by breaking previous attendance records.

On Galveston Island, a record 4,748 volunteers hit the beaches, hauling off an astounding 119 tons of trash that could have otherwise killed or maimed birds, dolphins, turtles or other sea creatures. State-wide, the total number of volunteers who pitched in and helped out was 11,665. Together, they removed a total of 207 tons of marine debris.

"The push to spread the word on Adopt-A-Beach via social media is really paying off," Texas Land Commissioner Jerry Patterson said. "As more and more people 'like' us on Facebook and share the message with their friends on Twitter, more and more volunteers show up on the beach."

Since 1986, more than 458,000 Adopt-A-Beach volunteers have cleaned more than 8,700 tons of trash from Texas beaches.

Disney Radio interacts with volunteers at Menard Park in Galveston after the cleanup.

LyondellBasell employees and their families clean up at Apffel Park on Galveston Island.

Cigarette butts, beer cans and plastic bags are among the most common items found. But with each cleanup, plenty of odd and unusual items inevitably are reported, and the fall cleanup was no exception, with weird stuff found such as a mannequin, a set of dentures, camping tents, the sail from a sailboat, swim suits, syringes and a toilet seat.

"None of this trash belongs on the beach—every day it kills and injures dolphins, turtles, pelicans and other wildlife that live there," Patterson said. "Trashing Texas beaches isn't cool."

Thanks to our great sponsors, this cleanup was once again a success. The lead sponsor was Shell Oil Company. Other sponsors were HNTB, Apache Corporation, the Ocean Conservancy, Cameron International Corporation, Cheniere Energy, Flint Hills Resources, Halliburton and Schlumberger.

Support the Texas Coast

Show your support for the Texas coast all year long by purchasing the official

Texas General Land Office Adopt-A-Beach specialty license plate. For every plate sale, the Adopt-A-Beach program receives a direct benefit that will help the program continue to grow, reduce litter on Texas beaches, and provide coastal environmental education to children.

The plate costs \$30 in addition to regular vehicle fees, with \$22 earmarked for the Texas coastline. Personalized plates are also available for an extra \$40. In addition, the cost of purchasing the plate is considered a tax-deductible donation from you.

Visit texas.gov or your local county tax office to order your plate today.

You can also make a direct tax-deductible donation online at texasadoptabeach.org, with sponsorship levels ranging from \$25 to \$25,000 for individuals or corporations.

For more information

texasadoptabeach.org or 1.877.TXCOAST

Art Contest Grand Prize Winner Announced

This year's "Treasures of the Texas Coast" themed contest has attracted budding artists from all across the state. A total of 4,169 entries were mailed to the Adopt-A-Beach headquarters and our judges were hard-pressed to select only 40 winners.

Ten winners were chosen from each of four grade-level categories (K - 2nd, 3rd - 4th, 5th, and 6th). The 40 winners, including and the grand prize winner, were announced via Facebook and Twitter on April 2nd. Commissioner Jerry Patterson and Chief Clerk Larry Laine selected Jordan Gerling, a fifth-grade student at Honey Grove Elementary in Honey Grove, TX, as the grand prize winner of this year's contest.

Jordan will receive two round-trip coach-class tickets from United Airlines to any United destination in North America, one 7-night Caribbean cruise from Royal Caribbean International departing out of Galveston, Miami, or Ft. Lauderdale and a class party at Schlitterbahn Waterpark in New Braunfels. His teacher, Ashley Price, will also receive two round-trip coach-class tickets from United Airlines and one 7-night Caribbean cruise courtesy of Royal Caribbean International.

All 40 winners will receive a ticket to the Texas State Aquarium in Corpus Christi, two all-day passes to Schlitterbahn Waterpark in New Braunfels, a ticket to the permanent exhibit hall at the Houston Museum of Natural Science, a ticket to the Houston Zoo, a certificate of recognition from Commissioner Patterson, prizes from the Texas General Land Office and a calendar displaying the winning artwork.

The winning pieces will be displayed in the South Central Gallery on the lower level of the Capitol Extension May 20th - 27th. State Senator Ed-
die Lucio, Jr., is sponsoring this year's display at the State Capitol. A longtime advocate of our coast, Senator Lucio issued the following statement:

Jordan Gerling's grand prize winning artwork.

"Our Texas Gulf Coast is truly one of the nation's greatest. Its hundreds of miles of bays, rivers, and gorgeous beaches continue to support business and draw visitors from across Texas and the entire world. For this reason, it's vitally important that our young people learn from an early age to admire this God-given natural treasure, and to respect its fragile resources. I'm so pleased to represent coastal counties, and join the Texas General Land Office in celebrating the treasures of the Texas coast."

Thanks to our sponsors, this contest continues to be a huge success. A special thanks to United Airlines, Royal Caribbean International, Schlitterbahn Waterparks, the Texas State Aquarium, the Houston Museum of Natural Science and the Houston Zoo. The winning entries will be featured in our 2015 Texas Adopt-A-Beach calendars. 🐚

Congratulations to the 2014 Children's Art Contest Winners!

First Annual Expedition Cleanup

The Padre Island National Seashore played host to the first-ever Adopt-A-Beach Expedition, a competition that rewarded volunteers with prizes in exchange for trash.

A total of eight teams, comprised of four members each, competed for prizes by collecting the most amount of trash in various categories. Texas General Land Office staffers drove each team to its designated stretch of the four-wheel drive beach area on the National Seashore.

After scouring the beaches for four hours, members of Team Eight—Erika and Kayleigh Schweickardt of San Antonio and Edward and Rebekah Stommel of Corpus Christi—won a \$50 gift certificate to Waterstreet Restaurants for picking up the most trash bags. Members of Team Seven—Sara Keefer, Amanda Stephens, Justin Quintanilla and Christian Ferris, all of Corpus Christi—won passes to the *USS Lexington* for collecting the most bottles and cans. Members of Team Four—Summer Hays and Beth Wilson of Corpus Christi and Juan and Nina Madrano of Edinburg—found the most rope, earn-

Participants along with GLO and PINS staff members pose for a group picture after the cleanup.

ing them free passes to the Texas State Aquarium. And Team Five—David and Jaelene Boyce of Alaska and Stacy and Lynell Jenkins of Waco—found the most shoes and items of clothing, netting them four passes to Schlitterbahn Water Parks. Crystal Wilson, of Corpus Christi, won a Yeti Cooler in a post contest drawing.

The generosity of our sponsors made the event a huge success. We'd like to thank Waterstreet Restaurants, *USS Lexington*, Texas State Aquarium, Yeti Coolers and Schlitterbahn Waterparks for their continued support of our mission to keep Texas beaches clean and pristine. 🌊

Beach Guardian Spotlight: LyondellBasell

For LyondellBasell, protecting the Texas environment remains a top priority. That's why, every fall, LyondellBasell workers hit the sand for the Adopt-A-Beach program.

Over the last decade, LyondellBasell volunteers helped remove 150,000 pounds of trash during the Fall Cleanup along the Gulf Coast.

"Human-made debris harms the environment and wildlife, threatens human health and safety, and causes our communities to lose money," says Jim Gallogly, CEO, LyondellBasell. "The Adopt-A-Beach program strives to promote and encourage volunteerism of LyondellBasell employees, contractors and families. We make a difference in our communities by representing LyondellBasell as a good steward of water quality and provide access to clean water and education."

Just about everything imaginable has been picked up. Some of the more uncommon items found during their cleanups were a computer monitor, a flare gun, a full five-gallon can of diesel fuel, a

LyondellBasell employees clean the beach at Matagorda.

hairpiece and an abandoned vehicle. Additionally, LyondellBasell volunteers in the Corpus Christi region scrambled to notify the Texas State Aquarium and its animal rehabilitation program after discovering a brown pelican with broken wings.

"For the past 10 years, LyondellBasell has shown their support for Texas beaches every fall," said Jerry Patterson, Texas Land Commissioner. "Their volunteers in three coastal regions clean the beaches and give back to their communities. I applaud LyondellBasell on their environmental stewardship and doing what's right for Texas." 🌊

South Padre Winter Cleanup

The love for our beautiful Texas coast has never been more apparent than in this year's Winter Texan Cleanup. Despite the 25 degree wind chill and intermittent rain, 38 truly dedicated volunteers braved the elements to get a ton of trash off South Padre Island.

Volunteers wintering in South Texas from Canada, Wisconsin, Illinois, Michigan, Minnesota, Iowa and Colorado participated along with teenagers from Raymondville High School's National Honor Society. H-E-B came to the rescue with bottled water, donuts and orange juice while Schlitterbahn Beach Waterpark warmed the volunteers with coffee and hot cocoa. 🌊

Top Ten Items Found at the Winter Texan Cleanup

- | | |
|-------------------|---|
| 1) Bottle caps | 7) Take out containers |
| 2) Plastic pieces | 8) Beverage bottles |
| 3) Foam pieces | 9) Forks, knives, spoons |
| 4) Food wrappers | 10) Other plastic bottles (oil, bleach, etc.) |
| 5) Grocery bags | |
| 6) Fishing line | |

Coordinator Spotlight: Rosanna Gossett

I became involved with Adopt-A-Beach in 2002 as an employee of the Texas State Aquarium. I began by helping coordinate beach cleanups in 2004, 2005 and, in 2013, was asked to be the official site coordinator for beach cleanups for North Corpus Christi Beach sponsored by the Texas State Aquarium.

I take great pleasure in the Adopt-A-Beach cleanups. Coming from a land-locked area of Texas where people do not think about the impact that pollution and trash has on our beaches, it's nice to be able to do something about it. It also provides me with facts, figures and educational information about the importance of recycling and proper disposal of trash to provide to family and friends.

One of my favorite memories is of my son's first Adopt-A-Beach cleanup in 2004. I worked the Aquarium's check-in site while my son and husband participated in the cleanup. I have a picture of them rolling a tire back to the Aquarium that they found during the cleanup. I am thankful that I have had the opportunity to give him an appreciation of our environment and what he can do to make a difference. 🌊

Rosanna Gossett.

Coastal Bend Winter Cleanup

The Texas General Land Office has always said cleanups will take place "rain or shine," and the recent Coastal Bend Winter Cleanup put this motto to the test.

Coastal Bend volunteers.

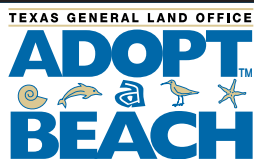

Despite the chilly morning, over 400 volunteers cleaned 21 miles of Gulf

Coast beaches from Aransas Pass to the Padre Island National Seashore. Local sponsors at each of the six Coastal Bend cleanup sites included Beautiful Corpus Christi, Wienerschnitzel and the City of Corpus Christi at Cole Park, Keep Port Aransas Beautiful at the Port Aransas site, the Western National Parks Association at Padre Island National Seashore, the Science and Spanish Club Network in Aransas Pass, the Coastal Bays Foundation at Mollie Beattie Coastal Habitat Community and the Texas State Aquarium at North Corpus Christi Beach. 🌊
